Description

Follow the well-marked agricultural road to the catered mountain hut Ludwigsburger Hütte. Then continue to walk to the Lehnerjoch and turn right after approx. 10 minutes and follow the well-waymarked track southwards. After crossing a few cirques and streams, follow a steep, secured descent to another cirque, the Hailacher Kar. Next, climb up the steep track (secured with ropes) to the stunning Mauerköpfl summit. Continue to walk over Alpine pastures beneath the Hailacher Seekopf summit to the fork a little east of the Am Gampen. Then climb uphill in the direction of the Wilder See until you reach the Brandsee lake at the same altitude as the Schoaßkogel peak. At another cirque, the Biedere Kar, continue to walk on to the so called Luibisböden. It is possible to descend via the Luibisalm to Piösmes.

Please note that no one should attempt this Alpine trek unless confident of good fitness levels and stamina.
