Description

This “Queen’s stage” is the same route to the Kreuzjochspitze as described in the “Kreuzjoch circuit” but then follows along the Venet ridge via the Wannejöchl, the Glanderspitze and almost to the top station of the Venet mountain railway. Once there, follow a path to the catered mountain huts Gogles Alm, Galflun and Larcher Alms and on to the Venet Alm. Return to your starting point via the same path as on your way up. The Large Venet circuit passes four summit crosses and four catered mountain huts – making this circuit an extra special experience.
