Description

The valley cross-country skiing trail follows the Pitze river all along the bottom of the valley between the villages of Mittelberg and Wiese. The 21.3 km long trail has a set track for classic skiing and for skate skiing and can be skied in both directions. It is furthermore possible to access or exit the trail in any of the villages en route. The valley trail is a must for any cross-country skier visiting Pitztal, not only because it is excellently groomed but because of its magnificently scenic setting.
