Circular route Waldeck – Leiner Alm

Information

Starting point

parking space Jausenstation Waldeck

Finishing point

parking space Jausenstation Waldeck

Path surface

forest track, path

Route type

Circular hike

Description

Starting point: Jausenstation Waldeck. Follow a flat and even forest path to the hamlet of Krabichl. Continue left on a steadily ascending forest path to the catered mountain hut Leiner Alm. When you reach the Alm, follow the signpost 'Steilweg Wald' until you reach the forest boundary. From there, follow a steep trail through mountain pastures until you reach another forest path. Follow the signpost 'Wald - Hilterboden - Kapelle' [chapel]. A few meters after the chapel the path forks off to the right to the Galtwiese lift and a little further turn left into a forest path to return to the start. Alternatively: Follow the wild animal adventure trail. This nature trail is a circular trail which takes approx. 20 minutes, on which you can investigate wild animal tracks.
