## Description

From *Fuchsmoos* bus stop or car park this hike follows groomed trails past Piller Pond and pretty soon into a forest, which usually looks very wintry as it is on the shady side of the valley. After ca. 1.5 km cross Piller country road and after another 1.5 km you will reach Jausenstation Fischteich Piller (fish pond restaurant). Here you can enjoy ice skating or stop at the cozy restaurant for a drink or snack. Behind the Jausenstation Fischteich Piller the path leads through the hamlet of Fuchsmoos back to the starting point.
