Description

This circular hiking trail starts at the town hall of St. Leonhard and leads out of the valley towards Eggenstall. Once there, follow the signs to Tiefentalalm. Follow the agricultural road for several metres until a steep trail forks off to the left in the direction of Tiefentalalm. Continue following this trail until you reach the viewing platform of the Pfitschebach waterfall after ca. 15min. Continue to hike on this trail back up towards the agricultural road that leads to Tiefentalalm. Follow this road until you reach the turn off towards Schrofen. A steep path through the forest takes you directly to the Tiroler Steinbockzentrum [Tyrolean Alpine Ibex Centre]. Take time for a visit and have a break at its Ansitz Restaurant before following the newly built path back to your starting point at the town hall in St. Leonhard.
