Description

Starting point district Piösmes: Go back to Scheibe and then follow a forest road, then a steep forest path for 1.5 hours until you reach the catered mountain hut. This is the first and only optional food station of this day's tour. Then follow a wide forest road for ca. 1 km until you are beneath the Rappenkopf summit. After approximately 100 metres in altitude you will reach the Rappenkopf peak, where you will be rewarded you with breathtaking panoramic views. After the descent from the peak, a path forks off in a southerly direction. Follow this uphill trail until you reach another fork after approximately 500 metres and again turn in a southerly direction. Here a high-level trail built in 2012 starts, which will remain on approximately the same level between 2,000 m and 2,400m beneath the Seirlöcherkogel summit and in the direction of Neururer Berg summit. Along this section there are several fantastic viewing points in the direction of Mandarfen or the Mittagskogel summit and Pitztal's glaciers. After approximately 4 hours walking time you will reach the Neururer Berg mountain and cross the Seebach brook via a wooden bridge. Then follow a trail in a southerly direction until you reach Lake Mittelbergsee at 2,446 metres. Once there, continue on a slightly sloping trail that is secured with ropes in the direction of Karlesegg (leads to the high-level trail "Cottbuser Höhenweg"). Then hike via the catered mountain hut Plangeroßer Alm to Plangeroß.
